Use one 10mm wrench for assembly.

It's easier to assemble the product with a second person for help.

Assembly is complete.

The bench should be placed on a leveled surface. Wash with a damp sponge only.

Yearly maintainance:

- Smooth the surface of planks
- Paint the planks with stain colour
- Planks have been treated with a base coat of stain by Sudwest (teak colour)
It is advised to continue maintenance with the same brand
- Make sure all nuts are tightened securely
